Rohit

90100XXXXX

Summary:

Experienced software engineer with a strong background in data science. Proficient in Python, machine learning,

and data analysis. Proven track record in developing data-driven solutions for complex problems.

Experience:

Software Engineer (Data Science)

Microsoft Inc. | 5 years

- Led the development of a real-time predictive analytics system for optimizing supply chain operations, resulting in a 20%

reduction in costs.

- Implemented machine learning algorithms to improve user engagement, resulting in a 15% increase in app usage.

- Collaborated with cross-functional teams to develop data-driven dashboards for business stakeholders.

Skills:

- Programming: Python, Java, SQL

- Machine Learning: Scikit-learn, TensorFlow

- Data Analysis: Pandas, NumPy

- Tools: Jupyter, Git

- Databases: MySQL, MongoDB

Education:

- Bachelor of Science in Computer Science

XYZ University

Certifications:

- Certified Data Scientist (CDSc)
