Siva

70323XXXXX

Summary:

Experienced software engineer specializing in data science and machine learning. Adept at designing and implementing data-driven

solutions. Proven ability to deliver insights and impact through data analysis.

Experience:

Data Scientist & Software Engineer

Facebook | 6 years

- Developed a fraud detection system using deep learning, reducing fraudulent transactions by 30%.

- Built a recommendation system for personalized content, increasing user engagement by 20%.

- Collaborated with cross-functional teams to create interactive data dashboards for business stakeholders.

Skills:

- Programming: Python, R, Java

- Machine Learning: TensorFlow, Keras

- Data Analysis: NumPy, Pandas

- Databases: PostgreSQL, Elasticsearch

- Visualization: Matplotlib, Seaborn

Education:

- Bachelor of Science in Computer Science

XYZ College

Certifications:

- Machine Learning Engineer Nanodegree (Udacity)

- Certified Data Analyst (CDA)
